## EDUCATION

---

### •Bachelor of Engineering in Computer Science and Engineering

Shrimanti Kashibai Nawale College Of Engineering,Pune

2020-24

CGPA: 9.35

### •Shivaji Mahavidyalya , Udgir

class:XII(PCM)

2019

PERCENTAGE : 74.92

### •Swami Vivekanand Vidyalaya, Shirur Tajband

class:X

2017

PERCENTAGE : 83.00

## PERSONAL PROJECTS

---

### Smart bus pass system

- The "Smart Bus Pass System" is a forward-thinking project that aims to revolutionize the way people access and use public transportation services. By incorporating advanced technologies and smart card systems, this project seeks to streamline the process of boarding buses, enhance the passenger experience, and improve the overall efficiency of public transit networks.
- Technology Used : Html, CSS, JavaScript, React | Backend -> NodeJs , MongoDB

## TECHNICAL SKILLS AND INTERESTS

---

**Skills:** C++, Core Java , Python , HTML, CSS, javascript , ReactJs , Git | Github , NodeJs

**Web Dev Tools:** VScode, Github

**Cloud/Databases:** MongoDB, Relational Database(mySql)

**Relevant Coursework:**OS , OOPS , Database Management System.

**Areas of Interest:** Web Design and Development.

**Soft Skills:** Problem Solving, Self-learning, Presentation.

## ACHIEVEMENTS

---

- Coding Competition Sep 2022 Smt.kashibai navale College of engineering pune ,Achieved 2nd rank in a prestigious coding competition, showcasing exceptional problem-solving skills, creative thinking, and strong coding abilities. Demonstrated expertise in algorithm design and optimization, resulting in highly efficient and scalable solutions.
- 6 star at hackerrank in problem solving (HackerRank Profile)
- Solved 400+ coding questions at leetcode (Leetcode Profile)
